

## Feedback Opportunity: New IMPACT Rubric

DCPS is redefining professional learning for the 2016-2017 school year, and IMPACT is evolving to support this priority. Changes to IMPACT include the introduction of a new classroom observation rubric that will hone in on core instructional actions, draw clearer connections between strong pedagogy and rigorous content, and support transformative feedback.

You are invited to preview a draft of the new observation rubric (for teachers in grades 1-12 and alternative programming) and offer your feedback.
